Dear sponsor Salem Lutheran Church.

During Holidays, we cooked a lot and shared with relatives and neighbors as during Holy Week. We also celebrate in our communities, make carpets of flowers on the road for having processions. That is a very known tradition in communities such as during Christmas with our Lord God births. We all enlighten off some fireworks at midnight. However, we do not make tamales or hot fruit drink. We share with the family and having activities at church.

For New Year Eve, we also share a family dinner having great time. For Christmas, my family traveled together and purchased things we need to cook a lot of food. We all felt very happy with everybody. There was a river which was deep where people was transferring their stuff on some canoes. We needed to pay for that. We also saw a horse where the people was able to take pictures. There was a huge bridge as well. Due to pandemic some of the shops were close. We were all very happy. Some cousins also went there.

I thank God for allowing me that opportunity. Your sponsored friend, Nadia Marifer Gonzalez Castro.
