

Dear sponsors Salem Church,

I send you a cordial greeting and wish you peace and many blessings in your home and love. God reigns in your hearts.

I am happy to write you again about new things about me and to know how you are. My family and I are in good health, thank God.

I want to tell you that I am in the ninth grade, thank God. I have good grades, and I have first place. I am proud of my effort, and my parents, as well. They are happy about my grades, and I am grateful to you. You are part of my pride and great help with love. I treasure your help with my education. We could celebrate in my classroom on Valentine's and Teacher's Days, and it was a joy after two years due to the pandemic. We celebrated 201 years of independence, and we had folkloric dances, gymnastics, and school bands. I participated in playing the lyre to play melodies. Our program was joyful.

Thank you for your great help, and I am happy because of this. May God bless you.

I bid you farewell for now.

With a lot of love,

Your sponsored friend Fatima Melissa Sajbin Morales
